

Mah Nishtana GIANT NATIONAL VIDEO instructions:

You can make this recording alone or you can record the whole family singing at the same time, just follow these instructions carefully so that every video can fit together well.

Before you make your recording

1. Practice singing Mah Nishtana and make sure you know the words – if it is too tricky to learn all the words right away, learn the tune and practice humming it!
2. Listen to the video link and practise singing/humming at the same time with the voice, use the words on the screen to help you.

When you are ready to record:

1. Use headphones with a microphone
2. Record yourself using a phone camera on LANDSCAPE. (so your phone is on its side).
3. Have the YouTube video playing into your headphones and follow the voice all the way through the recording.
4. Feel free to add in actions if you want to!
5. REMEMBER it doesn't have to be perfect, your voice will be amongst lots and lots of other voices making a huge chorus, so have fun!

Once you have finished making the recording:

1. Save your video and make sure it is saved with your name and the name of your cheder.
2. Upload your video onto this one drive link:
